Mark Taylor

Training Consultant at Korea Hydro & Nuclear Power

“Ros assisted me and others as we relocated to South Korea from the USA. His knowledge of Korean immigration law and experience in so many aspects of Korean culture helped immensely. As one example, instead of having to spend hours at the immigration office, Ros managed to secure the necessary visa in less than 30 minutes. Need a rental car?...no problem, cell phone?...no problem, apartment? ...no problem, travel arrangements?...no problem. In summary, Ros and his business partner, Charlie, are worth their weight in gold. **less**
